## **FALLOUT: Nuclear Bribes, Russian Spies, and the Washington Lies That Enriched the Clinton and Biden Dynasties**

**Investigative Reporters Solomon and Bruner Reveal the Truth Behind the Uranium One  
Story, Joe Biden's Ukraine Fiasco, and the Desperate Bid to Remove President Trump**

**The Indispensable Guide To Putin's Bid For Nuclear Dominance and the Real  
Scandals That Posed the Greatest Threats to American Democracy**

**"This book is a MUST BUY!" — President Donald J. Trump**

**In their new book *Fallout*, Solomon and Bruner follow the money and expose:**

- **NEW REVELATION:** Joe Biden's Ukraine Energy Advisor Secretly Lobbied For Russian Nuclear Deals
- **BREAKING:** How China, Russia, and Iran Got Sweetheart Nuclear Deals While Obama and Biden Inc. Cashed In
- **REVEALED:** Ten Obama-Biden Giveaways to Putin That Weakened America
- **The Democratic Operatives Who Got Paid to Advance the Kremlin's Agenda**

- How the Obama Foundation Bagged \$10 Million From Utility Company After the Obama Administration Approved Its Uranium Deals With Russia
- Clinton State Department Advisors Got Paid to Help Russia Corner the U.S. Uranium Market
- Trump Administration Blasted ‘Corrupt’ Ukrainian Weapons Agency Linked to Major Schiff Donor Before Impeachment

**“The Uranium One story sprawls across multiple U.S. administrations and reaches the highest levels of the Kremlin, where it becomes a key part of the long-held ambition of Russian President Vladimir Putin to corner the world market for atomic energy. This book tells, as the late radio commentator Paul Harvey used to say, ‘the rest of the story.’”**

**— Peter Schweizer, President, Government Accountability Institute and Author of *Clinton Cash***

In June 2020, a major story broke exposing a multimillion-dollar bribery scheme in Ukraine involving a corrupt energy company called Burisma. Ukrainian prosecutors seized an unprecedented \$6 million in cash and detained several Burisma executives (including the Burisma signatory to a deal with the Obama-Biden State Department). Burisma famously paid the firm of Vice President Joe Biden’s son, Hunter, millions of dollars while the company was under multiple investigations for corruption. History tends to repeat itself.

What most people do not know is that the Bidens’s work in Ukraine was actually part of an effort to counter Russia’s energy strategy in the region—an energy strategy that was initially (and fecklessly) advanced by the Obama-Biden administration under the so-called “Russian reset.” The reset, which Biden publicly proposed less than one month into the administration’s first term, allowed the Kremlin to capture American resources ranging from missile technology to sensitive uranium assets.

One victory for the Kremlin was the infamous takeover of Uranium One by the Russian state nuclear agency, Rosatom. Secretary of State Hillary Clinton's connection to the approval of the Uranium One deal implicated her in the most egregious foreign influence scandal in modern history. Not only did the sale of Uranium One put 20 percent of America's domestic uranium supply under the control of Vladimir Putin, but there was also evidence that the Clintons themselves had hugely profited from the deal.

When presidential candidate Donald Trump made Uranium One the centerpiece of his "Crooked Hillary" attacks, the Clinton team feared its potential damage to Hillary's campaign. Others in the Obama-Biden camp worried that, if elected, Trump would expose their roles in selling out America's security to Putin. Their desperate need to neutralize the issue led them to launch an unprecedented investigation into the Trump campaign's purported ties to Russia.

The infamous Steele dossier, produced by Clinton-connected Fusion GPS, sparked an investigation under FBI Director James Comey. Instead of ending after the election, the investigation grew bigger, eventually leading to Comey's firing and the appointment of Special Counsel Robert Mueller. When Mueller failed to find grounds for President Donald Trump's impeachment, Democrats seized on an ambiguous phone call with the Ukrainian president as a pretext to remove Trump from office. This gambit blew up in their faces when it exposed the secrets that Democrats tried hard to keep buried—secrets that Joe Biden hopes will remain buried.

To date, there has never been a full and transparent investigation of the Uranium One deal (nor the Obama administration's disastrous Russian reset policy) despite massive public outcry. Congress urged the DOJ to appoint a special counsel, to no avail. In response to congressional pressure, then-Attorney General Jeff Sessions tasked U.S. Attorney John Huber with investigating the matter in November 2017. There has been no indication that Huber's investigation was serious or credible, according to whistleblowers like William D. Campbell who have repeatedly sought to provide their evidence and testimony.

Solomon and Bruner's pathbreaking bombshells are backed by *more than one hundred pages of citations* (including more than 1,200 endnotes citing *never-before-revealed* documents, as well as *exclusive* primary source accounts, official government records, corporate filings, and corroborating reports from legacy media outlets). Accordingly, *Fallout* provides the most comprehensive investigation of the Obama administration's failed Russia policy and how it led to chaos, cronyism, and corruption in Ukraine.

### **About the Authors**

**John Solomon** is an award-winning investigative journalist, author of *DSK: The Scandal that Brought Down Dominique Strauss-Kahn* and digital media entrepreneur who serves as Chief Executive Officer and Editor in Chief of *Just the News*. During his quarter-century career in print and broadcast media, Solomon has covered a variety of issues, from the convicted serial killer, Jeffrey Dahmer, to an in-depth look at teachers who returned to classrooms after child molestation convictions. In 2008, Solomon joined *The Washington Times* as executive editor. Before joining the *Times*, Solomon was a national investigative correspondent at *The Washington Post*, where he uncovered former New York mayor Rudolph Giuliani's secret security firm clients, former senator John Edwards' relationship with a controversial hedge fund, and the FBI's misuse of an anti-terrorism tool that allowed agents to gather phone and computer records of Americans without court approval.

**Seamus Bruner** is the author of *Compromised: How Money and Politics Drive FBI Corruption* and the Associate Director of Research at the Government Accountability Institute (GAI). Bruner has worked with Peter Schweizer since 2011 and GAI since 2013, providing research and support for numerous *New York Times* bestsellers. Bruner's research has been featured on the front page of top publications like *The New York Times*, *The New York Post*, *The Wall Street Journal*, and *The Washington Post* and resulted in multiple *60 Minutes* exposés. Bruner has discussed the results of his findings on national TV and radio.

### **ADVANCED PRAISE FOR *FALLOUT*:**

*FALLOUT* has been endorsed by high-profile names that readers trust, including the President of the United States, a former CIA Moscow station chief, multiple former federal prosecutors and top non-partisan attorneys, and the top news anchors and investigative journalists in the country.

This book's findings derive from a comprehensive analysis of public records and reports backed up with exclusive sources and never-before-seen documents. *Fallout's* insider accounts include a

thirty-five-year veteran of the uranium industry and former top executive of Uranium One, Inc., a former top CFIUS advisor to the Director of National Intelligence (DNI), and an FBI operative who infiltrated Putin's nuclear empire, among many other credible high-level sources.

“More than three years ago, John Solomon and I talked about how the Russia scandal was a big onion of deceit that needed to be peeled layer by layer. He and I and a small ensemble of journalists did just that, exposing the greatest political scandal of our generation. *Fallout* is the extraordinary last chapter in John's and Seamus's mission to give the American people the truth.”

— **Sean Hannity, Fox News' #1 rated host**

“This book very effectively details how a Russian domination strategy was deployed in the United States with the willing support and cooperation of the Obama administration. These were important and serious events that every American should fully understand. As the title suggests, the ‘fallout’ from this unchecked assertion of power and greed, still lingers large in today's current affairs.”

— **Scott Melbye, former Uranium One executive** (thirty-five-year veteran of the uranium and nuclear energy industry and former Executive Vice President of Marketing at Uranium One, Inc.)

“The full Uranium One saga is one of the most important untold stories in American politics and these authors have captured it and turned it into a fascinating thriller. Anyone who still thinks the Uranium One story has been ‘debunked’ *must* read this book.”

— **James G. Rickards, CFIUS expert** (former advisor to the CFIUS Support Group of the Director of National Intelligence)

“Putin despises Democrats and Republicans alike. What scares him the most is democracy. He wants us all to be sick from the Kremlin's discoverable influence operations.”

— **Daniel Hoffman, former CIA station chief in Moscow**

“The Russia and Ukraine scandals are unraveled, corruption and greed exposed. No one is better at uncovering the truth than these two investigative journalists.”

— **Gregg Jarrett, Fox News legal analyst** (author of the #1 *New York Times* bestsellers *The Russia Hoax* and *Witch Hunt*)

“A MUST READ.”

— **Bernard Kerik, former NYPD Commissioner**

“Solomon and Bruner’s *Fallout* will inform all Americans seeking truth and justice. Only read this book if you want THE TRUTH!”

— **Sidney Powell, federal appellate attorney for General Michael Flynn**  
(Former Federal Prosecutor and Author of the runaway bestseller *Licensed to Lie: Exposing Corruption in the Department of Justice*)

“The Russia and Ukraine scandals not only corrupted government decisions, they helped enrich lots of Washington insiders. John Solomon’s new book with Seamus Bruner, *Fallout*, tells it all.”

— **Sharyl Attkisson, five-time Emmy Award-winning journalist**
